

The image shows a large, dark room where children are playing. A massive, colorful whale is projected onto the wall, with children standing near its base. The floor is covered in a complex, multi-colored projection of abstract shapes and patterns. Several children are walking and playing on the floor. In the top right corner, the word "Lumotion" is written in white and orange. In the bottom right corner, there is a logo for "Play Saudi" featuring two stylized hands and the text "Play Saudi".

# Multimedia Interactive Children's Room

## A new Format For Entertainment

Multimedia Interactive Children's room is a unique environment where children and parents can immerse themselves in colorful digital world of entertainment.

Each Child can become a hero and plunge into the wonderful world of fantasy, where birds, beasts, fairies, elves, gnomes and other fairy tale characters are living. A place where reality is filled with magic, joy, and fun

**Imagine  
And create the world  
Your self.**

Children Like objects that respond sensibly and predictably to their actions. It will help them to learn the world around them.

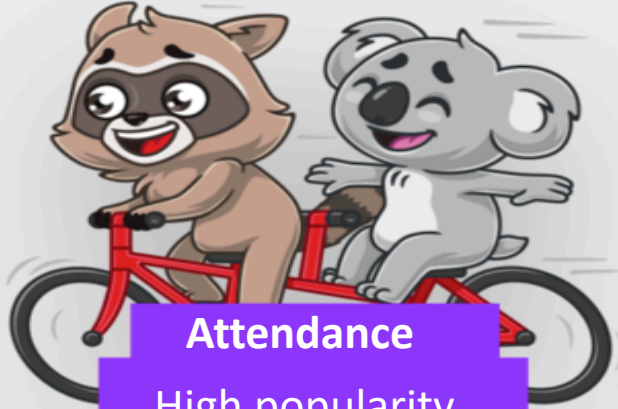

In the interactive room, in the animated fantasy world, every child can communicate with various fairy-tale characters, slide down the magic roller coaster, Scare the colorful fish on the floor, catch the playing fairy on the wall, and create his own unique hero and play with him.
