# MAWSHOUR

## architects & consultants

*Our Architect, Consultancy, and landscaping unit “Mawshour” based in Amman – Jordan. Established in 1990. Mawshour brings a legacy of prestigious projects and 28 years experience in Architect, engineering, consultancy and landscaping. Our projects of landscaping spread around the middle east, Asia, and Africa with landmarks and unique designs in each location*

A photograph of a landscaped garden. In the foreground, a stone path made of large, flat, grey stones leads towards the center. To the left of the path is a low, stacked stone retaining wall. Behind the wall and to the right, there's a garden bed with reddish-brown mulch. It contains several clumps of green grass-like plants, a small rounded shrub with reddish leaves, and a larger bush with light blue flowers. A tree with dark leaves stands in the background. The entire scene is set against a backdrop of a green lawn.
